

WHAT REALLY MATTERS TO YOU COMMUNITY SURVEY 2022 RESULTS

Here in the Forest Lake Ward we regularly undertake surveys to understand what is important to residents and what local areas need work.

Regularly collecting this data provides me with a valuable insight into what matters to the Forest Lake Ward community, which helps me to plan for the future of our area.

Thank you to all of the residents that completed the Forest Lake Ward Community Survey for January to June 2022.

COUNCILLOR FOR FOREST LAKE WARD

Forest Lake Ward News

August 2022

Major projects funded for the Forest Lake Ward in 2022/2023

Advocating for more Recycling, composting and FOGO trials across

Message from Charles

After years advocating on behalf of residents and with steadfast community support I am thrilled to announce that four intersections in the Forest Lake Ward will be upgraded with traffic lights.

Wallaroo Way and Blunder Road, Rudyard Street and Forest Lake Blvd, Clipper and Poinsettia Street and Poinsettia and Laburnum Street will receive a much needed improvement this year making the four safer for motorist and pedestrians, a huge win for our community.

Another great outcome was the reintroduction of kerbside collection which was cut for two years in our ward and is now back after a massive community outcry right across Brisbane.

As your Councillor and voice in City Hall your support and advocacy with petitions, email and telephone campaigns have been essential when I advocate for better services and infrastructure for our community.

This is why I am so proud to represent our community and continue to work to make Forest Lake Ward an even better place to live, work and play.

Regards

Charles Strunk

Cr. Charles Strunk, Forest Lake Ward

Funding the Forest Lake Ward local community and sporting organisations, events and ward Social and Inclusive programs

\$2.2m for Resurfacing roads program across the ward will help make our suburban streets smoother, safer and more enjoyable to use every day.
